

Submitting a Video

Further guidance & instructions

Due to COVID-19 work experience has been cancelled this academic year for thousands of our pupils.

Would you be so kind as to record yourself for 1 – 2 minutes to give a brief overview of your company, your role, and your career journey to date?

Please hold your phone out in front of you and chat away. Once edited by our professional team your video will be shared with schools and students across the UK and Australia. We anticipate that your video will be viewed by upwards of 10,000 students this academic year. Albeit not a week of Work Experience for young people, this snapshot will give students an insight to help inform their future career choices. this snapshot will give students an insight to help inform their future career choices.

To make it easy for you, we have come up with the following script...

- 1. What is your name?**
- 2. What is your job role?**
- 3. What is your company name?**
- 4. What does your company do?**
- 5. What would a student be doing with you on work experience?**
- 6. How did you get into the industry?**
- 7. Any advice?**

In a nutshell that is it. Five days of work experience into a short two-minute video. We will complete all the professional editing and we will share the video once finished.

We remain committed to releasing a brand-new employer video every single day. To make things even easier for you, you can check out all the already released videos [here](#)

Thank you for your support,
Changing Education.

Please send your unedited video via WhatsApp to 07979 883 397
